

WINGS ACROSS AMERICA

w w w . w a s p - w w i i . o r g

Over 50 years ago, at a time when America was desperate for gasoline, money for war bonds and a few good men, something extraordinary happened.

1,857 young women pilots from all over the United States quit their jobs and left the safety of their homes and families to come to Texas.

They all came to Texas because their country needed them...

They came to Texas because they loved to fly!

Wings Across America is a pioneering project, where digital information will explode into a learning adventure, and where history will come alive through the colorful and unique eyewitness accounts of surviving WASP.

WE NEED YOUR HELP

Preserve the history of the WASP and to maintain our website into the next century! We are just beginning to gather every eyewitness account from every consenting surviving WASP--before it is too late...but we can't do it without your help...

Just like every WASP story is important, every single contribution is important! Together, the history of the WASP will be in the classrooms of the next century to inspire future generations to be pioneers...to be leaders...to make a difference. **To make a tax deductible donation:**
